9500 Manual Case Awning

No support arms for a crisp, clean look.

The 9500M manual case RV awning from Dometic is in a class by itself. Its award winning design has been tested in extreme conditions and comes out a winner every time. Just extend the awning and enjoy life under the custom designed, heavy-duty, double-sided vinyl fabric. Its lateral arms are designed to withstand heavy use, and the manual pitch adjustment helps you enjoy shade every time of the day. Brush seal cleans and seals the fabric for storage providing long-lasting durability. Plus the clean and simple lines, and low profile case make the 9500M a great awning for any RV.

Key benefits

- Monochromatic lateral arms, designed to withstand heavy use
- Patent-pending forged steel shoulder brackets
- Adjustable pitch from 0 - 20 degrees
- Brush seal cleans and seals fabric for storage
- Full-length wall bracket for simple, sturdy installation
